2) DO Letter No. B3-34-295/57, dated 22-5-57 from the C.C.F, B'lore requesting to communicate Govt orders reg resuming of lands which are granted for cultivation on Hangami Lagan and are remained uncultivated. The lands which are under cultivation should be granted on permanent basis.

The word "Hangami lagan" means seasonal cultivation. i.e. the lands are granted for cultivation for every season ~~or~~ in other words the lands are granted ~~every year~~ for one year only for cultivation on temporary basis. The proposal of the Collector however is to grant the cultivated lands

granted on Hongami hagan, permanently and these uncultivated, should be resumed. The C.C.F also recommends his suggestion. But this system will create honey comb in the ~~area~~ cultivated as well as in the uncultivated forest area. In order to avoid this, ~~any~~ suitable portions of uncultivated lands should be withdrawn from the lessees and given to some other persons who are willing to bring these lands under cultivation. The question of granting ~~land~~ ~~the~~ lands already under cultivation on permanent basis should be postponed till 1960 when portion of the cultivated lands may be reviewed. If approved the C.C.F and the Collector Kanara will be informed accordingly.

(Ws 8/6/57) In Bailungamu we have the provision of Regulation and Consolidation of Holdings Act. The proposal made above will be contrary to the accepted principles of the Act. The only solution of the problem will be to resume the lands and regrant them to those who are willing to cultivate them not piecemeal but as a whole, regrant being made subject to that condition.

Ref:- Government letter No 0/32972-E dated 7-4-1956.

In forwarding herewith a copy of letter No, C/139 dated 15/17-4-1956 from the DivisionalForest Officer, E.D., Kanara received with the Conservator of Forests, S.C's No. 22/262/323 dated 25-4-1956, I have to state that according to the orders con-tained in G.R., A.& F.D. No. FDM 1054 of 7-3-1955, Hangami Lagans in the Kanara District which are not encroachemnts are to be granted on a permanent basis excepting where the land has not been properly brought under cultivation inspite of the sufficient period having elapsed. In cases where the land has not been properly brought under cultivation, the Hangami Lagans are to be terminated. According to the above orders, the Hangami Lagans to be terminated which means the lease of the whole area is to be terminated and the whole of the area resumed and not only the portion of the area which is not brought under cultivation is to be resumed. From the D.F.O's letter it will however be seen that the Collector Kanara has interpreted the Government orders to mean that the resumption should be limited only to the portion of the areawhich is not brought under cultivation and not the whole area. Though this interpretion does not appear to be the correct I however agree with the Collector that the only under-developed portion should be resumed and request that Government may be moved to accept the suggestion made by the Colletor and issue necessary orders to that effect. SECRETARY TO GOVT. No. 2 DEC 1957 HOME, FOREST & AGRICULTURE

I forward herewith copies of the references referred to in item Nos. 1 to 3 of your letter for favour of perusal.

2. Regarding para 4 of your letter it is reported by the Conservator of Forests, Belgaum Circle, that there are no rules relating to the grant of forest lands on Hangami Lagan for cultivation, but forest lands which are fit for cultivation and the grants of which are not prejudicial to forest administration were leased out on H.L. for cultivation.

No. 12671

3. Regarding para 5 of your letter it is reported by the Conservator of Forests, Belgaum that the remarks of the Collector, Kanara regarding the interpretation of the Government order to mean that the resumption should be limited only to portion of the area which has not been brought under cultivation are made in the copy of the case papers itself and all such cases have been returned to the Collector. Hence the copy of letter from the Collector of Kanara is not enclosed.

4. Regarding the last para of your letter it is reported that the approximate area likely to be resumed if the proposals are accepted is about 137 acres 26 guntas.

5. This office case No.17/D/380/55-56 (pages 1- 47) is enclosed for reference and return when done with.

No. C/139 of 1956/57 Dharwar. 15/17-4-1956.

Sub:- Forest Lands: Continuance of ....
in favour of cultivation... Request of Shri.
Subba Pursha Patankar.

Ref:- Your No. 22/262/19934 of 22-3-1956.

2. In the G.R. A & F.D. No. Fm. 1054 of 7-3-1955, it is not made clear as to whether the whole area brought under cultivation should only be disforested or part of the area brought under cultivation should be disforested.

3. Out of 109 Hangami lagan cases given out for cultivation in this Division, in major number of cases the applicant lessees have not brought the whole area under cultivation but part of the area is brought under cultivation. All such cases were referred to the Collector of Kanara as according to the G.R. a joint decision whether the land has been properly developed or not by the lessee is to be taken. In all such cases the Collector is giving his opinion to resume the portion of the land which is not brought under cultivation. Where sufficient time has not lapsed, the Collector of Kanara has opined that sufficient time i.e. period of lease should be allowed to be lapsed and then these cases should be taken up. Such cases are therefore kept pending.

4. But in his No. 17/D/Sd/380/D/411 dated 19-3-1956 addressed to the Secretary to the A & F.D. the Chief Conservator of Forests, B.S. has interpreted the G.R. differently. According to his interpretation, the whole of the Hangami lagan area is to be resumed including the area which is brought under cultivation. Before I review all such cases in the light of the Chief Conservator of Forests, interpretation, he may kindly be referred again in this matter because strong complaints are likely to be raised if the lands already brought under cultivation are decided to be refused. All those lands under Hangami lagan were given under "Grow More Food Campaign" in the past.

Favour of an early order is requested.

URGENT PLEASE. No.22/262/ 323 of 1956-57.
Belgaum, 25th April 1956.

Submitted to the Chief Conservator of Forests, B.S., Poona with reference to his No.17/D/SG/380 of D-411 of 19.3.1956.

2. The decision taken by him in his above reference is correct. But the D.F.O. reports that in major a number of H.L. cases, lessees have not developed the land properly and only a part of the H.L. areas has been brought under cultivation. It appears that in such cases, if the whole area is resumed, it will lead to severe complaints. He also reports that the Collector is also giving his opinion to resume only the undeveloped part of the areas. In view of this it appears necessary to have explicit orders in the matter so as to avoid further complaints by the lessees against this Department.

3. Further instructions may please be issued very early as to how the cases of the kind where only part of the land leased has been brought under cultivation.

Read - Demi Official letter No.O/A/1843, dated the 3rd December 1954, from the Collector of Kanara.

Resolution - Government is pleased to direct that Hangami Lagan in the Kanara District which are not encroachments should be granted on permanent basis in accordance with rules and policies laid down in the Government Resolution, Revenue Department, No. LND-3953-V-B. dated the 20th August,1954, regarding grant of Government lands for cultivation, excepting where the land has not been properly brought under cultivation in spite of sufficient period having lapsed. In these latter cases, the Hangami Lagans should be terminated and the land resumed immediately Where the land has been properly developed, the permanent grant should be made by the Collector after getting the land disforested. The Collector and the Divisional Forest Officer should jointly take a decision whether the land has been properly developed or not by the lessee. In cases where the Collector and the Divisional Forest Officer are of the opinion that the land should be resumed because it has not been properly developed, the Divisional Forest Officer Officer as the sanctioning authority of the Hangami Lagan should take steps to terminate the lease and resume the land.

To

The Chief Conservator of Forests
in Mysore, Bangalore.

Ref:-Your No.B3-34-295/57 dated 13th March 1958 and this office No.22/262/1197 dated 26th/28th April 1958.

The reports of the Divisional Forest Officers are as under:-

Kanara Northern Division: The Divisional Forest Officer report that out of nine cases to be regularised, in two cases the areas to be continued on Hangami Lagan will be fragments being less than one acre and moreover they are not adjacent to the malki holdings of the lessees with which they could be amalgamated. It is therefore necessary to resume the whole areas in the above two cases.

Even though the portion of the land to be resumed will be fragment, it will be subsequently amalgamated in the adjoining Forest.

Kanara Western Division: The Divisional Forest Officer, Kanara Western Division, Karwar reports

P.T.O.....2.

that the resumption of the uncultivated portion of the lands granted on Hangami Lagan will meet the requirements pointed out by Government.

Kanara Eastern Division: A copy of the Divisional Forest Officer, Kanara Eastern Division, Dharwar's report is enclosed in duplicate.

Sub: Forest Lands-Continuance of granted on Hangami lagan basis.

Ref: Your No. 22/262/18201 of 26-3-1958.

2. Almost all the Hangami lagan cases have been forwarded to the Deputy Commissioner, Kanara Karwar wherein the grantees have developed the areas in two ways as under:-

i) Areas fully developed by the grantees.

ii) Areas partly developed and partly left follow.

3. In cases wherin the area has been brought fully under plough, necessary recommendation has been made for its disforestment. And in the case of areas partly brought under cultivation and partly left fallow, action has been taken by the Deputy Commissioner, Kanara Karwar to resume such areas back! However it is seen that the Deputy Commissioner Kanara has taken steps not disforest the Hangami lagan areas which are less than 1 acre as they cause fragment.

In case the proposal suggested in the letter No.AFD 165 DST.57 dated 19-2-1958 is approved by the Government, necessary action as per orders of the Government will be taken through the Deputy Commissioner, Kanara in all the Hanga-mi lagan cases to be disforested.
